Future planning applications will also be subject to public consultation.

There are large areas of cut grass near the town centre which are not wildlife friendly and need frequent mowing. There are many areas, eg the banks around the lakes and the grass between railings and pavements which could be planted as wildflower areas, and only need mowing once a year and would encourage butterflies etc. ~~the~~ Wildlife friendly shrubs would encourage birds, making the area more interesting ~~and~~ and introduce children to wild life. There could be picnic areas with seating and perennial flowers & shrubs - maybe more trees - to make a more relaxing & interesting area. The daffodils & crocuses by Watpole park are lovely, but the next plants to flower there are often ~~never~~ mowed before finished.

Need to find a way of keeping public hoods, some older people don't go to town because of lack of toilets
