Jayson

We have been busy with our own Water Resources Management Plan 2014, which is now approved, and may have missed your consultation on the 'Publication Version' of the Local Plan.

Please note that the formal point of contact for planning at Portsmouth Water is the Regulation Manager who is now Steve Morley.

I would just like to thank you for the changes that you have made to Policy LP39 Water Resources in relation to water efficiency standards in new homes.

The Housing Standards Review will impact on the standards set by the Councils and will prevent the perverse outcomes possible with Level 5/6 of the Code for Sustainable Homes.

I also note that our comments have been added to the Infrastructure Delivery Plan.

If you would like any further information prior to examination then please let me know.

My direct dial number is 023 9224 9329.

Our Water Resources Management Plan is available on our web site and we would be pleased to see it included as a reference document at examination.

Regards

Paul Sansby
