HMS SULTAN PARCEL 8: Conclusion

Suitable	Available	Achievable
----------	-----------	------------

Issue	Figure	Assumptions
Developable area	1.69 ha	Based on parcel 8.
Local area density	40-50dph	-
Development density	40dph	-
Capacity for dwellings	67-84	Based on demolition of existing house and development of parcel 8 on its own.

Concluding comments	<p>Existing house on the site could potentially be demolished to accommodate residential development. Previous estimations of between 192-240 dwellings by developing parcels 8 and 9 in combination have been made.</p> <p>HMS Sultan is identified in the Gosport Borough Local Plan as an Employment Priority Site in order to ensure that if the site is release by the MOD it retains its role as a major employment site in the Borough.</p> <p>In November 2016, the Government announced proposals to release Blockhouse by 2026. More recently, the MOD have announced that a further decision regarding the disposal of HMS Sultan will be made in 2029. Whilst the Council strongly considers that HMS Sultan should be retained as a major MOD training facility. If the site is disposed of the Council's preferred option for the long term future of Sultan is to retain and enhance employment opportunities on the site.</p>
Concluding actions	<p>Seek clarification from MoD regarding potential release of HMS Sultan. Undertake more detailed design led calculations for potential capacity/supply of the site.</p>
