| Site name                  | Tichborne Way                    | Site reference | RH003               |
|----------------------------|----------------------------------|----------------|---------------------|
| Site address and post code | Tichborne Way, Gosport, PO13 OJT | Ward           | Rowner and Holbrook |
| Last updated               | May 2019                         |                |                     |

#### Site details

| Site description                        | Land containing the former railway line to the south of Tichborne way. The western portion of the site now contains the Hutfield Link, part of the Fareham to Gosport BRT and links the route to the normal road network. To the east of the site is an electricity substation. The site has the potential to be access by vehicle from Kielder Grove and The Coppice (existing cul de sacs to the south). |
|---|--|
| Topography                              | Flat with grass, trees and mature vegetation. A gravel pathway runs through the western portion of the site. To the far west of the site is an asphalt road with infrastructure associated with the BRT which slopes down to the former railway line.  |
| Existing land use                       | Bus Rapid Transit and open space   |
| Surrounding land use and storey heights | To both the north and south of the site is residential (two storey). To the east of the site beyond Fareham Road is the MoD Defence Munitions site.  |
| Site size                               | 1.03 ha  |
| Development status                      | Large part of site now developed for Fareham to Gosport BRT.   |

| locally listed buildings?   |             |  |         |
| Is the site likely to be of archaeological interest?  | No          |  |         |
| Contamination   |             |  |         |
| Is it likely the site could be contaminated?  | Yes         | Site in 20m buffer area. A Contaminated Land Assessment and potential mitigation will be required.   |         |
| Amenity   |             |  |         |
| Is development likely to have an adverse impact upon neighbouring amenity?  | No          |  |         |
| Are neighbouring uses likely to have an adverse impact upon the amenity of future occupiers (industrial uses, major roads)? | Yes         | Potential noise and vibration disturbance from BRT. Sewage treatment and substation to North of site. Appropriate mitigation will be required. |         |
| Services  |             |  |         |
| Is the site likely to be serviced by utilities?   | Yes         |  |         |
| Is the site within a Safeguarded Area (other than Southampton Airport Safeguarding Zone, which covers the whole borough)?   | Yes         | Site within safeguarded area for the storage of defence munitions and Fleetlands helipad.  |         |

| Issue | Suitability | Comments   | Actions |
|-------|-------------|--|---------|
|       |             | Restrictions on development may apply. Under Policy LP15 statutory bodies will be consulted. |         |

## Availability

| Issue   | Availability | Comments  | Actions |
|---|--------------|---|---------|
| Does the site have multiple owners?                                   | Yes          | HCC own the Land for the BRT. Agreement will be required from all the owners.         |         |
| Is the site owned by a developer or is the owner willing to sell?     | No           |   |         |
| Is it necessary to acquire land off-site to develop this site?        | No           |   |         |
| Does the site have any legal issues (covenants, ransom strips)?       | Unknown      |   |         |
| Are there any on-site constraints (pylons, rights of way, easements)? | Yes          | BRT runs through site.<br>May affect site viability.                                  |         |
| Are there any existing tenancies or operations on site?               | Yes          | BRT runs through site. Confirmation will be needed if they can be ended or relocated. |         |

#### Achievable

| Issue  | Achievability | Comments  | Actions |
|--|---------------|---|---------|
| Is there a realistic prospect that the site would come forward for development within the plan period?   | No            | It is considered highly unlikely that the site would come forward for residential development due to its lack of suitability.           |         |
| Are there any known abnormal development costs (contamination, heritage conservation, demolition etc)?   | Yes           | Contamination costs and removal of disused railway line infrastructure. Funding or planning gain may be needed to make the site viable. |         |
| Does the site require significant new infrastructure investment in order to be suitable for development? | No            |   |         |

#### Conclusion

| Suitable | Available | Achievable |
|----------|-----------|------------|
|          |           |            |

| Issue                  | Figure  | Assumptions                                       |  |
|------------------------|---------|---|--|
| Developable area       | 0.69 ha | Based on whole site minus land developed for BRT. |  |
| Local area density     | Medium  | 40dph   |  |
| Development density    | 10dph   | Density of developable area.                      |  |
| Capacity for dwellings | 5       | Based on visual site assessment.                  |  |

| Concluding comments | The site is constrained by the Bus Rapid Transit which takes up the north western portion. There is no intention for the site to be released for residential development in the foreseeable future. The site is also considered largely unsuitable for significant development. |
|---------------------|---|
| Concluding actions  | No further action.  |
