Paragraph/Policy Number: 2038

Please summarise why: I believe Gosport is long overdue a project like this, however I fail to see anything about extra schools or school places in the surrounding areas, especially SEN schools which, having a SEN child myself have already found the process of finding a setting a complete nightmare. We are having to look at areas like, waterlooville, new forest and Southampton due to the demand and all local Sen schools already being over populated. I feel with extra homes coming to the areas and having to compete with Fareham, this kind of need is being over looked.
