Email

Your representation (1)

The draft Gosport Borough Local Plan 2038 contains a vision, objectives and policies with explanation text. Please use the boxes below to let us know what you are commenting on and whether you support or object along with your comments.

Paragraph/Policy Number: Just A General Response

Support or Object? Object

Please summarise why: Have commented before on local plan with vision, objectives and policies and nothing changes. Really not sure how much as a council you're spending on this sort of consultation but personally think the money would be better spent actually doing something rather than just "talking " about it. Can't tell you how many times I have suggested that with regard to the ferry gardens, the fountain is so dated and a health hazard as have seen drunks late at night urinating in the fountain and then children the next day playing with the water, really!!! Dancing fountains would be so much more fun, exciting and a healthier option and great for spectators whiling a lovely day at the ferry gardens. The bus station is a disgrace you and you've been talking and that's all you do is talk about what can be done, you should be encouraging a 5* hotel to take over the site as it has the best views of any harbour frontage certainly in this country if not the world. Do that and you'll get more up market restaurants, shops etc open in the High St. We have 3 of

the biggest marinas in the country here but not one maritime clothes, gifts shops anywhere in Gosport, yes 2 marine chandlerys but that's not the same. Get a big name hotel here and others will surely follow. Another option would be to put a glass, retracting, would be better roof, over the High St to lengthen the hours the High St can be used and encourage more bistros, cafes etc. Outdoor dining is widespread on the continent even more so now with Covid but not here for some reason so do something to encourage that. We have an amazing water frontage but it's not used to it's full capacity.
