Telephone	
Email	

Your representation (1)	
The draft Gosport Borough Local Plan 2038 contains a vision, objectives and policies with explanation text. Please use the boxes below to let us know what you are commenting on and whether you support or object along with your comments.	
Paragraph/Policy Number:	Gosport Borough Local Plan 2038
Support or Object?	Support
	<p>We believe your plan to be an excellent plan and have no concerns.</p> <p>In particular, we are pleased to see your vision supports adapting to climate change, something we take very seriously in the water sector as well.</p> <p>Efficient water usage is a fundamental part of adapting to a more water scarce future. To ensure enough water is available in the future, we must use less than we do now.</p>

Please summarise why:

This is a challenge made more difficult by changes in habits resulting from Covid.

Water efficiency not only will help maintain water supplies, it will also help reduce carbon and energy costs. As a significant portion of energy use is heating water, there is also energy savings to be made through water efficiency.

We therefore trust that all new developments planned for the Borough are as water efficient as possible, and we would welcome the opportunity to collaborate/partner in the area of water efficiency where we can.

We also thank you for continuing to support and challenge us through membership on our Customer Challenge Group. We look forward to continuing this partnership moving forward as we develop our next Business Plan.
