This is to prevent and detect fraud, to investigate any criminal offence, or to perform our statutory duties so that we can carry out public functions in the public interest.

- 1.5 The Council is required under Section 2A of the Audit Commission Act 1998 to participate in the National Fraud Initiative (NFI). This is an exercise that matches electronic data within and between audited bodies to prevent and detect fraud. This includes police authorities, fire and rescue authorities as well as local councils and internal services within the Council. All taxi licence data will be provided to the Audit Commission for NFI and will be used for cross-system and cross authority comparison.

2. DRIVERS.

General Information for Applicants applying for a driver badge

- 2.1 To be a licence holder, you must have enough understanding of the English language to understand the Highway Code, maps and road signage and be able to competently communicate in order to respond to passenger's enquiries whether they be spoken or written.
- 2.2 The applicant must have held a full UK driving licence for at least two years. If the initial application is made with a European driving licence, a full UK driving licence must be applied for and granted before the one-year renewal date.

- 2.3 The application process is expected take no more than 6 months. However, we cannot give you a specific date as to when the licence will be granted. There are factors outside of our control such as the length of time taken to obtain a DBS and a medical.
- 2.4 All driver licences are valid for three years and are renewable on the anniversary of the date granted.
- 2.5 Originals of documentation maybe requested before grant of a licence.
- 2.6 Drivers must inform the Council if they are suffering from a serious illness. In the event of a driver suffering a serious illness, the Local Authority may require a medical certificate of fitness to return to work, all certifications must comply with DVLA group 2 medical standards.
- 2.7 If it appears that for public safety reasons, we are required to revoke the licence with immediate effect, notice will be given to the driver under section 61(2), (a) which includes a statement that this is so, along with an explanation as to why the revocation takes effect, when the notice is given to the driver.
- 2.8 Details of revoked or refused drivers will be added to a database such as NR3S (National Register of Hackney Carriage and PHV Driver Licence Refusals, Revocations and Suspensions).

Application Process

- 2.9 All applicants must complete the Pre-Application Questionnaire. A letter of Good Conduct may be required from any countries you have resided in outside of the UK. A member of the Licensing Team will be able to advise.

Home Office checks will be undertaken for applicants born outside of the UK or if deemed appropriate to ascertain right to work status. This is carried out via <https://www.gov.uk/prove-right-to-work> and submitting a share code to the Licensing Department.

- 2.10 The DBS is done early in the process as it can *sometimes* take up to 3 months for the report to come back. Several types of identification are required to verify the DBS. We always ask you to bring your driving licence, a passport or birth certificate, a utility bill dated within the last 3 months confirming your address i.e. gas, electricity or mobile phone bill and a letter, card or payslip showing your National Insurance number. You will be required to sign up to the update service directly with DBS.

The fee for the DBS is not refundable, the DBS will charge monthly for being on the update service.

- 2.11 It is then recommended that the medical is done, a Group II medical form will be provided. Ideally this form will be completed by a GP at your registered surgery so that the GP has full access to your medical history. If this is not feasible, please take a printed medical summary to any registered GP. The printed medical summary must be submitted to us with the completed medical form so that we can

submit them to our medical consultants. It is the medical consultants who will determine if you reach the required DVLA Group II standard. Medicals must be no more than 1 month old (as signed by doctor) when provided to the Licensing Team.

The fee for our consultant is not refundable.

- 2.12 We recommend you submit your completed application form to us once the DBS Certificate and medical has been returned to us. The cost can differ at this stage depending on what type of badge you wish to hold.
- 2.13 We will carry out the check on your driving licence. Please bring it along with your National Insurance number and your post code. We will then check your details with you on-line. Alternatively, you can access the code which enables us to check without you being present. Please access <https://www.gov.uk/view-driving-licence> and collect the code and bring this into us.
- 2.14 A practical driving test must be completed with the Certificate being presented to the Licensing Team. All Certificates presented to the Council must be no older than three years old. This is in line with the [Taxi and Private Hire Best Practice Guidance](#) issued by the government (See 6.4).

Extenuating circumstances may be considered for applicants who have proof of advanced driving skills in a recent role i.e. bus/lorry driver, Police Officer etc.

Please view our [website](#) for details of all of the organisations accepted by Gosport Borough Council.

- 2.15 Applicants are required to undertake an oral-fluid drug test at the Civic Offices in Fareham. This test will take around 45minutes. The applicant must bring photographic ID and a list of any over the counter and prescribed medications.

These fees are not refundable.

Our Knowledge Test is carried out by Safe 4 Transport. Booking and payment can be done via this website: www.safe4transport.org/fareham-and-gosport-bookings. All applicants (Private Hire and Hackney Carriage) must successfully pass the knowledge test.

- 2.16 Applicants who have any driving points on their licence or any relevant offence on their DBS will be referred to the Licensing Team to decide if the application can proceed, or if the applicant needs to attend a Board where it will be decided if the Applicant can hold a licence. An applicant can only attend Board once the application process is complete. The licence application fee paid to the Council is refundable if the applicant is refused by the Licensing Board.

Procedure for Renewing Drivers

- 2.17 You are required to renew your badge on the anniversary of grant, usually every three years. We will send out the appropriate paperwork up to three months in advance. This is to give you time to have a medical if required.
- 2.18 The DBS is checked every six months. All drivers are required to subscribe to the update service, direct with DBS.
- 2.19 A tax check code must be supplied and verified in order to renew your badge. This is available from the www.gov.uk website, further information will be provided with your renewal paperwork.
- 2.20 Some renewals will be subject to a Right to Work Check, further information will be provided with the renewal paperwork.
- 2.21 A DVLA driving licence check will be carried out. A check code will need to be provided to the Licensing Section.
- 2.22 Although we send out the paperwork early and will assist you where we can, if you do not return the required documents and fees to us in time for whatever reason, your badge will expire. It is your responsibility to ensure you present the correct documentation in plenty of time in order to continue driving.
- 2.23 Unless you have or develop a medical condition, you will not be required to undertake a further medical until you are 45. It is then a requirement that a medical is carried out every 5 years until you are 65. Once you are 65 a medical is required annually.

Wheelchair Accessibility

- 3.25 All hackney carriage vehicles must be wheelchair accessible, unless a grandfather plate is issued.

Duties to Assist Passengers in Wheelchairs

- 3.26 Section 165 of the Equality Act 2010 - Taxis and Private Hire Vehicles, places duties on drivers of designated wheelchair accessible taxis and private hire vehicles. Designated vehicles are those listed by the licensing authority under Section 167 (see 2.6.3).
- To carry the passenger while in the wheelchair;
 - Not to make any additional charge for doing so;
 - If the passenger chooses to sit in a passenger seat to carry the wheelchair

- To take such steps as are necessary to ensure that the passenger is carried in safety and reasonable comfort; and
- To give the passenger such mobility assistance as is reasonably required.

Exemptions from Duties

- 3.27 Section 166 allows licensing authorities to exempt drivers from the duties to assist passengers in wheelchairs if they are satisfied that it is appropriate to do so on medical grounds or because the driver's physical condition makes it impossible or unreasonably difficult for him or her to comply with the duties.
- 3.28 Consequently, if you drive a designated wheelchair accessible taxi or private hire vehicle you will be able to apply for an exemption. We will maintain a list of wheelchair accessible vehicles in our area and will be putting in place a system for assessing drivers and granting exemption certificates for those drivers who we consider should be exempt.

Lists of Wheelchair Accessible Vehicles

- 3.29 Section 167 allows licensing authorities to maintain a list of "designated vehicles", that is, a list of wheelchair accessible taxis and private hire vehicles licensed by them. The consequence of being on this list is that the driver must undertake the duties in Section 165.
- 3.30 Please contact the Licensing Team if you own/drive a wheelchair accessible vehicle but wish to be exempted from the duties listed above.

Grandfather Plates

- 3.31 Grandfather plates are for Hackney Carriage vehicles which can be used on standard vehicles, not disabled access vehicles.

Novelty Vehicles

3.47 In order to widen the licensing regime without compromising public safety, a system to licence Novelty Vehicles under the Private Hire provisions has been adopted. A Novelty Vehicle is a vehicle that cannot meet one or more of the existing licensing conditions. The vehicle will be subject to those existing licensing conditions that can reasonably be applied together with any additional conditions identified by the Licensing Board to address the exceptional nature of the vehicle. A complete application must be made for the vehicle prior to the Licensing Board including MOT certificate, logbook/V5c document, insurance certificate, engineers report etc.) to provide a degree of confidence in the condition of the vehicle on initial application.

The Head of Environmental Health shall decide in their absolute discretion whether a vehicle is an Executive vehicle. Those vehicles classed as Executive will qualify for a plate dispensation.

3.50 Where a vehicle is classified as an Executive Vehicle, Novelty Vehicle or Stretched Limousine, an application for a dispensation may be made to the Licensing Team to allow for the rear plate to be kept in the boot of the vehicle. This will apply to specific contract work only and will be at the discretion of the Licensing Team. Window plates will be issued once an application for dispensation has been granted and must always be displayed in the front windscreen.
