Subject: Comments to the Draft SCI review

We would like to comment regarding the SCI review, in particular regarding the Community Infrastructure Levy featured in section 6 of the draft consultation document. Whereby it states that the charging schedule will be reviewed and prepared alongside a new local plan, it does not indicate how organisations and community areas can bid for Levy to help develop local community sites, once this levy has been secured from developers by the Council.

It would be our proposal that a transparent process or set of procedures are put in place and made public to allow local organisations and communities to bid for these funds and a set of criteria published as to what the Council would release the levy funds to and for (much as grant applications do).

Kindest regards
