1. Do you have any comments regarding the Vision?	Only that this has been promised for about the last 20 years!
2. Do you have any comments regarding the strengths of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Wonderful vision. Just hope it can be achieved.
3. Do you have any comments regarding the weaknesses of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Worried about extra housing and the resultant increase in population with yet more traffic.
4. Do you have any comments regarding the opportunities of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Would definitely increase tourism this side of the water.
5. Do you have any comments regarding the challenges of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Gosport needs to be more accessible.
Theme A: Creating an Attractive Townscape	Sounds good but don't know how this will be achieved.
Theme B: Creating New Employment Opportunities	Hotels and shops would increase employment opportunities.
Theme C: Enhancing the Shopping and Leisure Experience	How?
Theme D: Providing New Homes	Definitely not!

Theme E: Improving Accessibility	Absolutely yes!! When I had to commute to Southampton, I had to leave before 6am just to get through Stubbington! On a different note, the sign for the M27 at Segensworth should be moved to the roundabout so that you can decide where or not to avoid the motorway and continue on the A27. Once you get down the slipway to the M27, you are then stuck!!
Theme F: Improving Public Realm and Green Infrastructure Provision	If you can.
Theme G: Managing Flood Risk	Don't believe there is one.
Theme H: Providing Appropriate Infrastructure	Absolutely! We have no A&E, it takes weeks to see a GP and then of course there is the school problem. Where will these extra children go to school?
Theme J: Creating a Healthier Town	How?
The Bus Station and Falkland Gardens	The Bus Station is an absolute eyesore and should have been torn down years ago. It needs to mirror the fantastic new one on The Hard. Falkland Gardens don't need to be changed.
Gosport Waterfront North of Mumby Road	Leave it alone.
Royal Clarence Yard and the Retained Area	RCY is full of empty retail units and needs more restaurants and bars. Such a beautiful setting overlooking the marina.
North of the High Street	Nothing to say

The High Street and associated areas	High Street is full of charity shops, estate agents and unusually, Banks that are still open! The chains are boring. If I need to shop, I go elsewhere. Like the market, though so keep that and have more French markets. A market like the one in Winchester would be amazing.
South Street	Do something with the old Police Station.
Trinity Green area	Is fine as it is.
Haslar Marina	Is fine as it is.
The Gosport Lines	No comment
8. Is there anything in the SPD that particularly concerns you and why?	Looks very ambitious and expensive!
9. Are there any other sites within the Waterfront and Town Centre area which have potential for development?	Can't think of any
10. Please can you give any suggestions of what else the Council should consider to include in the final version of the SPD?	Bars and Restaurants on the waterfront would be great! There really is no decent place to eat in Gosport, although the Victuallers is good. We were also promised a cinema?
