To whom it may concern,

I would like to request that the consultation period for the Waterfront and Town centre development SPD be extended by at least a month on the grounds that there are still too many residents who aren't aware of the plans and the consultation. I for one, have not been made aware of this via any of the channels/mediums which the council claim to have advertised this consultation.

I believe this is necessary especially as the Chairman of the Economic Development Board Mr Stephen Philpott has stated in the video published on Thursday 22nd June on 'The News' site, that he wants "Anyone and everyone to have their say".

Sincerely,

Miss Sarah I Gingell
