1. Do you have any comments regarding the Vision?	I'm not against redevelopment. But it needs to be sympathetic and it needs to give more back than the current plan suggests. 15storey residential is not something I see being appealing to Gosport. I have lived in Kingston upon Thames, Reading and Bristol. All excellent place for inspiration!
2. Do you have any comments regarding the strengths of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	The garden area is a beautiful peaceful place that must in my opinion be retained. It offers such sanctuary to so many. My family enjoy walking there, sitting there. Agreed the bus station and ferry terminal needs some updating and modernising. An outside area for events would be perfect. One for Christmas markets etc the inf
3. Do you have any comments regarding the weaknesses of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	The roads are the main weakness to Gosport. I'm amazed at how much traffic there is in this town (only move a year ago) something must be done about the roads in and out to ensure that people who live here and work elsewhere spend money here. Otherwise shopping/entertaining it carried out on our way home to a avoid the traffic.
4. Do you have any comments regarding the opportunities of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	
5. Do you have any comments regarding the challenges of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	The town needs feel like it's worthy of the upgrade. Not be compared to a poor Portsmouth/Fareham Look at romsey. Look at Henley upon Thames. Marwell. All examples of a good toen and inspiring for Gosport if the right vision is there
Theme A: Creating an Attractive Townscape	Yes more parks. Attractive play areas - romsey, eastleigh Whitley have this for young children. Makes parents lives easier and spend more in town by visiting. The current facilities for young children is appalling
Theme B: Creating New Employment Opportunities	This needs to be relevant. There is a mass migration out of Gosport every day...these high earners are the ones we need to attract to open up business here. Not another round of chain shops and restaurants that are across the water!
Theme C: Enhancing the Shopping and Leisure Experience	With bespoke. Independent shops and markets

Theme D: Providing New Homes	Agreed. Always needed. Will you be targeting affordable rental? Purchase? Or will it be second home market? I personally love living here. But refer to infrastructure as that needs to be fixed first. More doctors. Better roads, more police!
Theme E: Improving Accessibility	
Theme F: Improving Public Realm and Green Infrastructure Provision	Having worked in planning I'm concerned that the things that really matter will be ignored in favour of profit!
Theme G: Managing Flood Risk	
Theme H: Providing Appropriate Infrastructure	This is the main concern. This needs to happen before additional commitments to building work.
Theme J: Creating a Healthier Town	The town needs policing. It's feral at times. I feel sorry for the police!
The Bus Station and Falkland Gardens	Bus station needs addressing. Th gardens must remain!
Gosport Waterfront North of Mumby Road	
Royal Clarence Yard and the Retained Area	This area needs to be built on. What a beautiful area and a waste!
North of the High Street	
The High Street and associated areas	
South Street	
Trinity Green area	
Haslar Marina	
The Gosport Lines	
8. Is there anything in the SPD that particularly concerns you and why?	Yes that it will bulldoze down a pretty are, block a view. Build flats that remain and retail units empty (see Clarence yard) Housing will be gated for private owners and substandard box corners for housing association.
9. Are there any other sites within the Waterfront and Town Centre area which have potential for development?	The whole area needs looking at.
10. Please can you give any suggestions of what else the Council should consider to include in the final version of the SPD?	An open mixed space. For markets. Specialist markets. Think along the lines of London. There are many ways we can improve Gosport. Being open to them and listening to residents who are passionate about the town will help. Look at Plymouth- great example of how it can work
