1. Do you have any comments regarding the Vision?	I can see the potential for some good improvements to gosport , however my main concern with even more residential in this area is access . The town is already a nightmare to get in and out of and leaving all recommendations for improvement til the A32 and newgate lane area ,seems ridiculous to me . Gosport has almost direct access to the m27 ...if the land to the east of Frater ,at present i believe mod land that appears overgrown and derelict ,was brought into use a road bridge could be taken over to link up with junction 12 ..the road bridge need not interfere with boats . The improvement to the town would be immense and may then be able to Cope with more residential development. I also think overdeveloping the waterfront would could be detrimental. We need to keep green open areas ,substantial ones ,otherwise the very thing that attracts people here will be lost and that is its beauty .
2. Do you have any comments regarding the strengths of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Not enough mention of how extra traffic will be dealt with
3. Do you have any comments regarding the weaknesses of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Agree with most of
4. Do you have any comments regarding the opportunities of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	I think there are many good opportunities listed ,my concern is over development at the detriment of existing residential and historic sites.
5. Do you have any comments regarding the challenges of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Not enough thought as to getting in and out of gosport ..I would think this would be the First thing to get sorted .
Theme A: Creating an Attractive Townscape	I think use the town's heritage ,expand on this ,
Theme B: Creating New Employment Opportunities	Definitely !! But long term ,not shops that come and go . Bring back industries like we used to have ..but with out proper m27 access ,it won't happen
Theme C: Enhancing the Shopping and Leisure Experience	Definitely
Theme D: Providing New Homes	I would think this was the least needed. We already have too much residential in this town .
Theme E: Improving Accessibility	Definitely !!!! The most important task of all ..if you genuinely want to take gosport forward and make it attractive to investors.
Theme F: Improving Public Realm and Green Infrastructure Provision	Yes ..yes and yes
Theme G: Managing Flood Risk	
Theme H: Providing Appropriate Infrastructure	Yes !!!! Another reason haslar should have stayed open

Theme J: Creating a Healthier Town	
The Bus Station and Falkland Gardens	
Gosport Waterfront North of Mumby Road	
Royal Clarence Yard and the Retained Area	
North of the High Street	
The High Street and associated areas	
South Street	
Trinity Green area	
Haslar Marina	
The Gosport Lines	
8. Is there anything in the SPD that particularly concerns you and why?	InfrastructureAccess
9. Are there any other sites within the Waterfront and Town Centre area which have potential for development?	Direct m27 link via mod land ,compulsory purchase
10. Please can you give any suggestions of what else the Council should consider to include in the final version of the SPD?	The area needs business more than residential
11. Please include any comments you may have	If this is done wrongly you will destroy gosport.I think Forton Road needs a vast tidy up !! It is very shabby and poverty looking ,not an attractive entrance to the town .
12. Please could you complete your contact details	Mrs Nunn

I

In case the link doesn't work it is on Facebook ..Gosport what residents need to know page .

This really is a beautiful vision of how our town could look and so in keeping with the heritage buildings already in Gosport .

Kind regards  
Jnunn
