1. Do you have any comments regarding the Vision?	Stevie wonder has better vision than this.
2. Do you have any comments regarding the strengths of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	What strengths?
3. Do you have any comments regarding the weaknesses of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	
4. Do you have any comments regarding the opportunities of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	So far it seems to be opportunities for others, nothing for the local residents.
5. Do you have any comments regarding the challenges of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	
Theme A: Creating an Attractive Townscape	Are you familiar with the old adage regarding closing the stable door after the horse has bolted?The town is a dump thanks to years of missed opportunities and mis-management
Theme B: Creating New Employment Opportunities	Great more low paid work for the proles!
Theme C: Enhancing the Shopping and Leisure Experience	I'm sure the new empty retail units will take the eye away from the crop of charity shops, pound stores, estate agents and fast food outlets that currently grace our town centre; and they can join the retail units already lying empty along the high street, Stoke Road and in Clarence Yard.
Theme D: Providing New Homes	New homes but no supporting infrastructure! Idiocy.
Theme E: Improving Accessibility	Accessibility to what and for whom?
Theme F: Improving Public Realm and Green Infrastructure Provision	Great more grass verges, flower beds, hedges and shrubbery for the council to neglect!
Theme G: Managing Flood Risk	There are times when flooding might actually be a blessing.
Theme H: Providing Appropriate Infrastructure	Didn't see any mentioned in the Vision. No mention of doctor's surgeries, dentists, schools, hospitals, nurseries etc.
Theme J: Creating a Healthier Town	So you're going to create a healthier town by opening bars, restaurants and various eateries; but not by opening doctor's surgeries, dentists, a health centre, or even a decent play park for the fat kids you see waddling up and down the high street. Good luck with that!

The Bus Station and Falkland Gardens	Leave the Memorial Gardens alone. Build a new bus station by all means. Improve public toilets in the locality. Improve signage regarding prohibition of cycling, drinking, skateboarding etc along the promenade and gardens and bloody well enforce them!
Gosport Waterfront North of Mumby Road	
Royal Clarence Yard and the Retained Area	How many more years will it take to finish redeveloping that area?
North of the High Street	
The High Street and associated areas	The high street is dead on it's feet
South Street	Good to see the residents of the 5 Maisonette blocks opposite the former police station are to be ignored as the entire area around them is turned into a gigantic building site. I'm sure it'll all be worth it when they have even less parking options than they already do, and their blocks and grounds remain as shabby and ill kept as ever. I'll also point out that the proposed 3-6 story buildings opposite to these blocks may overshadow them and cut out much of the natural light the north facing flats get in the evenings.
Trinity Green area	Leave the Church path car park alone.
Haslar Marina	
The Gosport Lines	Actually it's about time this was cleaned up and put to use, other than by vagrants, drunks and partying teenagers that is.
8. Is there anything in the SPD that particularly concerns you and why?	The focus seems to be on improving Gosport town centre and waterfront for others, not the residents.
9. Are there any other sites within the Waterfront and Town Centre area which have potential for development?	The council offices could be demolished, it's not as though anything useful comes out of there.
10. Please can you give any suggestions of what else the Council should consider to include in the final version of the SPD?	Copies of the resignation and suicide notes of the town council leaders would be good.
11. Please include any comments you may have	
12. Please could you complete your contact details	Fungus Addams
