14<sup>TH</sup> September 2017

Dear Sir,

As you can see my address I live in Rope Quay's Mumby road.

I understand there is a proposal to build apartments on the lorry park which I look out onto. My concerns are the following.

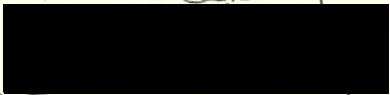

I received a letter recently reference future developments, it mentioned that adequate parking needed. Well if we lose the lorry park we lose more car parking spaces as well. Apart from visitors to Gosport using it, residents at Rope Quay's use it as well for their visitors, for all of the residents in Rope Quay's we only have 7 visitor parking spaces. Also the new apartments by Lidl's next door have not been allocated enough places for everyone living there.

If apartments were built on lorry park, as I am on

2

the 1<sup>st</sup> Floor they would be able to look into both of my bedrooms, encroaching on my privacy. I would like to mention also I believe there is something to do with sewage under the lorry park. I know a couple of year's ago there was a big problem, and we had 8 at one stage 11 great big tankers there pumping out. This went on for a week even working through the night, so that would cause a huge problem if houses or apartment's were built on that site. Could I just mention another subject reference parking, I am aware on Bank Holiday's many towns have free parking over bank holiday's and wonder why Postport doesn't do this! I hope you will consider my concern's

Yours Sincerely

  
(Mrs NJ Wilson)
